Dropdown menu

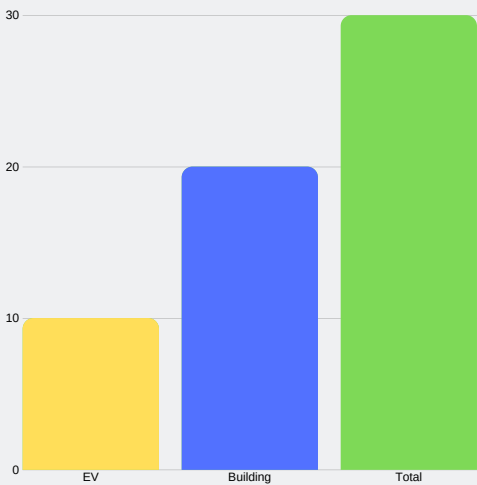

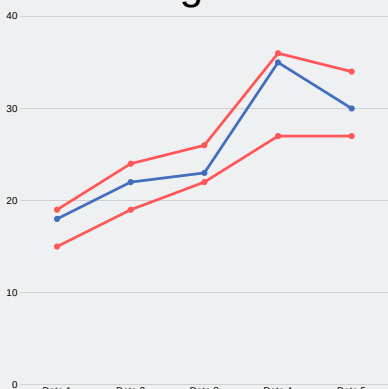

EV Chart (ie. West parkade)

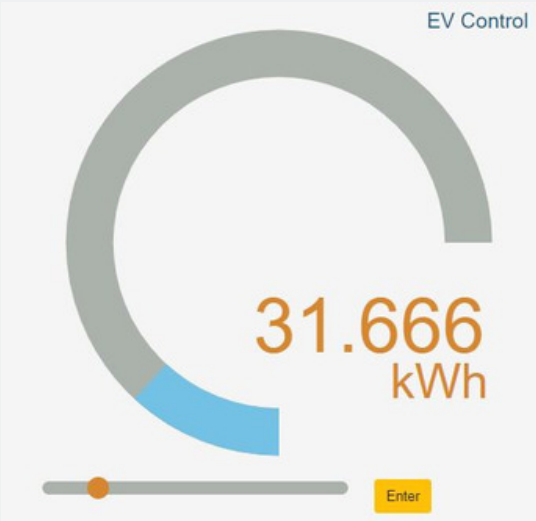

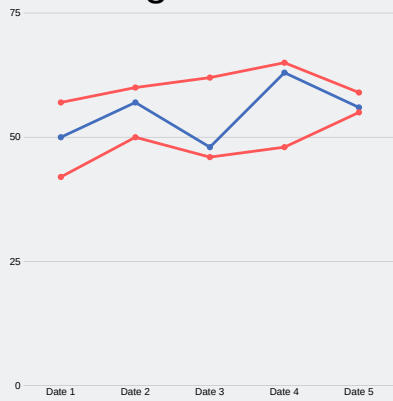

Car Chart

Building Chart

Building + EV Chart

- Dropdown menu will give you option to choose the EV parkade (default will be west?)
- EV, Building and Car chart will be a mix of historic data (ie. last like 24 hours), as well as predicted data (ie. next hour), so will need to combine two data's together (if unable maybe split charts)
- Gauges are Daily and Monthly
